PUR-O-ZONE

APPLAUSE™

Light Pink Emollient/Foaming Soap

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Avoid contact with eyes

Skin and Body Protection: Wear suitable protective clothing.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

Applause™ is a light, ready-to-use pink hand cleaner with emollients and lanolin to help keep skin soft and ready for work. Excellent for use in bulk foaming and liquid dispensers for great handwashing satisfaction at a low cost-per-wash. Applause has a mild pH for the hands, and with a wonderful cherry-almond fragrance for the nose.

Surfactants in Applause emulsify and bring to the surface greasy and inky office soils where they can be washed away. This hand soap can be diluted with up to two parts water for economy applications in schools.

TASK	DILUTION
Hand cleaning, degreasing, softening	Ready to use
Foaming dispenser applications	64 oz. per gal.
Maximum economy applications	32 oz. per gal.

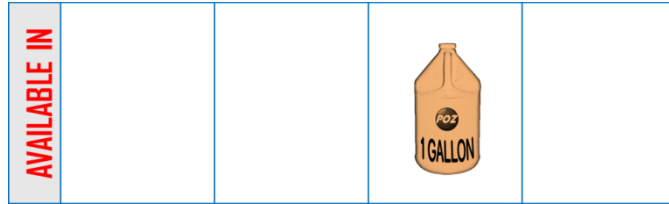

- Mild pH
- Contains lanolin
- Softens as it cleans
- Great in foaming dispensers
- Concentrated, easy to dilute

PUR-O-ZONE

AQUA CLEAN™

Neutral Wood Floor Cleaner

AQCLEAN-01

Formulated specifically for sealed, wood-floor surfaces, Aqua Clean™ removes soils, yet contains no harsh ingredients that can leave a film.

Aqua Clean is formulated to a pH-neutral range and is non-corrosive, making it a great choice for daily damp mopping and autoscrubbing. This product lengthens the intervals between refinishing, therefore reducing your budget for labor and restorative chemicals.

Aqua Clean dilutes clearly without precipitate in hard water, either hot or cold. Specially formulated not to clog orifices in automatic scrubbers or pressure sprayers.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Chemical splash goggles.

Skin and Body Protection: Wear chemical resistant gloves such as nitrile rubber.

TASK	DILUTION
General cleaning	13 oz. per gallon
Salt and ice melter residue removal	4 oz. per gallon
Sealed wood floors, wet mopping, auto scrubbing	2 oz. per gallon
Stripper residue removal	2 oz. per gallon

- Manual or automatic scrubbing
- Highly concentrated
- Low foaming
- Neutral pH for daily use
- Will not clog auto scrubbers or sprayers

PUR-O-ZONE

AQUA TUFF™

Premium Wood Floor Finish

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Chemical splash goggles.

Skin and Body Protection: Wear chemical resistant gloves such as nitrile rubber.

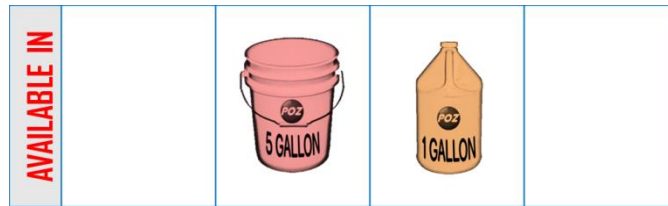

Oil-Modified Urethanes		AQUA TUFF
<i>Petroleum-distillate based</i>		Water-based
<i>Strong, sharp odor</i>		Low odor
<i>Cure time and odor continues for one or more weeks</i>		Floor cures and odor resolved in about 24 hours
<i>Respiration devices highly recommended</i>		No respiration devices required during application
<i>Requires mineral spirits for clean-up</i>	<i>Hazardous waste disposal required</i>	Easy water clean-up
<i>Solvent-saturated rags have auto-ignition potential</i>		Clean-up materials will not auto-ignite
<i>Standard OMUs have VOC's ranging as high as 350-550+ gm/L</i>		Very low VOCs* of only 254 gm/L

- Water-based
- VOC compliant
- Easy, water clean-up
- 29% solids
- 24-hour cure cycle
- This finish meets ASTM D2047 method for slip resistance.

PUR-O-ZONE

BOND-AYD™

Floor Preparation Neutralizer & Cleaner

Bond-Ayd™ is a concentrated floor preparation product formulated with organic acids to condition and neutralize floor surfaces prior to application of seals or finishes.

Bond-Ayd helps penetrate even the smallest cracks and crevices for a totally neutralized floor. This product is an important element in achieving superb floor-finishing results and providing more-sustainable results.

This product is also an excellent agent to remove ice melt residue from resilient floors (vinyl, ceramic tile, finished hardwoods). Save your floors with a proven product.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Use safety glasses or goggles.

Skin and Body Protection: Rubber apron and gloves.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

TASK	DILUTION
Ice melt removal	2-4 oz per gal.
Use as a neutralizer before finishing	2 oz per gal.

- Conditions & neutralizes
- Safely removes ice-melter residue
- Helps provide superb finishing results
- Extends sustainability of finish
- Vinyl, ceramic tile, finished hardwoods

PUR-O-ZONE

CRYSTAL™

Window-Mirror-Chrome Daily Cleaner

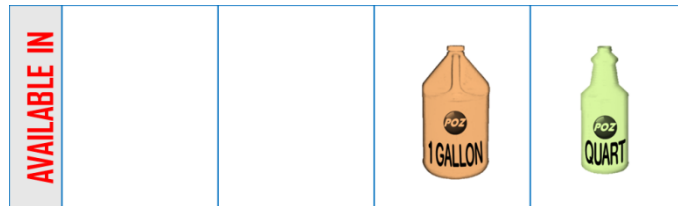

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Safety glasses or goggles recommended.

Skin and Body Protection: Rubber apron and gloves.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

Crystal™ is a concentrated glass and general-purpose cleaner for hard surfaces. Specially formulated to clean and polish glass, chrome and porcelain without streaking.

For interior surfaces, use directly from the container. When using on exterior glass and lighter jobs, you may dilute at 43 ounces per gallon.

Excellent for ceramic tile, chrome and porcelain to give that shiny, gleaming look to restrooms, showers and locker rooms. Great for daily light-duty lunch room cleaning.

Try Crystal for daily maintenance on: Showers, sinks, toilets and urinals, walls, lunch tables, counter tops, conference tables, desks and kitchen appliances.

TASK	DILUTION
Heavy-duty cleaning	Ready to use
Windows and regular cleaning	43 oz. per gal.

- Concentrated
- Great daily-use light-duty cleaner
- Polishes chrome and porcelain
- Ammoniated for cutting through soils quickly

PUR-O-ZONE

DESTROYER II™

Heavy-Duty d-Limonene Cleaner / Degreaser

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Chemical splash goggles.

Skin and Body Protection: Use rubber gloves and apron.

Respiratory Protection: None normally required with adequate room ventilation.

Destroyer II™ is a heavy-duty di-limonene cleaner and degreaser that harnesses natural citrus to power through heavy and greasy soils. Works on paints, inks, adhesives and other solvent-sensitive soils. Destroyer II also cleans oily or greasy machinery and is used for preparing metal parts for coating application. In veterinary clinics, the pleasant and natural orange scent is excellent for cleaning floors including concrete.

TASK	DILUTION
General industrial degreasing	10 oz. per gal.
Heavily soiled concrete	8-10 oz. gal.
Automatic scrubber use	7 oz. per gal.
Walls and general surfaces	2-4 oz. per gal.
Floor mopping, light greasy soils	1 oz. per gal.

- Non-combustible
- Free-rinsing
- Concentrated
- Hard working degreaser
- Pleasant Orange Slice fragrance
- Works on inks, paints and adhesives

PUR-O-ZONE

FINAL 450™

Gymnasium Floor Finish

Final 450™ is a highly durable, high-solids, urethane wood/gym finish that helps expand restoration cycles. This product has a VOC rate of less than 450 grams per liter, which places it in elite company.

Final 450 sports a high slip resistance, too.

Easiest to apply using a Hillyard Multi-Flo®, but can also be applied with conventional lambs wool applicator or weighted T-Bar applicator. Final 450 is another great PUR-O-ZONE *Environmental Cleaning Solution*.

TASK	DILUTION
Floor Finishing	Do not dilute

- Urethane durability
- Low VOCs
- Covers about 500-600 sq.ft./gal.
- Easier on your personnel
- High slip resistance

Multi-Flo^{XP}

PUR-O-ZONE

JET BLAST OFF™

Heavy-Duty Detergent Cleaner

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Safety glasses or goggles recommended.

Skin and Body Protection: Use rubber gloves and apron.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

A highly concentrated synthetic detergent, Jet Blast Off™ is formulated to work fast while being easy on surfaces. A careful balance in chemistry provides successful cleaning regardless of your water hardness.

Jet Blast Off is self-rinsing - no residual dull film to clean away after use. Strong enough for automatic scrubbers.

Works on buildups of petroleum, animal fats and other greasy soils. Try Jet Blast Off on shop floors, for general purpose mopping and for wall washing.

TASK	DILUTION
Floor machine use	13 oz. per gal.
General mopping	7 oz. per gal.
Automatic scrubber use	4-9 oz. per gal.
Wall washing and light-duty surface	2 oz. per gal.

- Automatic scrubbers
- Great for mopping and walls
- Use on sealed shop floors
- Cuts grease without solvents
- Mint Fresh fragrance
- Works on inks, paints, adhesives

PUR-O-ZONE

LEM-AYD™

Water-Soluble Citrus Deodorant

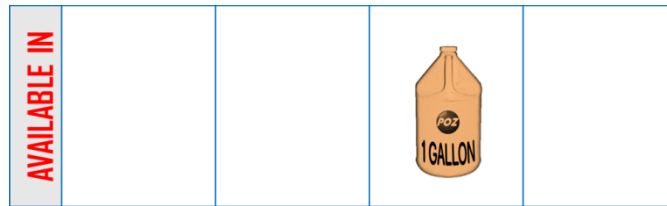

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Goggles or face shield.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

Lem-Ayd™ can be used in carpet chemistry, for kitchen deodorizing, floor mopping, laundry, dumpsters, chemical toilets, sewage treatment, body fluid deodorizing, locker rooms and smoke odor remediation – just to name a few. This versatile, water-soluble deodorant is a concentrated counteractant effective on a wide range of organic odors. Other uses include: animal and pet waste, sewage, garbage, cooking odors, decay, mildew, vomit and smoke odors.

Apply by trigger sprayer, pump sprayer or add to other water-based products.

(Not intended to be added to disinfectant formulas.)

TASK	DILUTION
Deodorant spray –on application	3-4 oz. per gal.
Smoke odor counteractant	½ – 4 oz. per gal.
Use as carpet shampoo deodorant	½ oz. per gal. shampoo

- Multi-use deodorizer
- Concentrated
- Apply by trigger sprayer or pump sprayer
- Add to many water-based products
- Not for use with disinfectants

PUR-O-ZONE

MAGNUM™

Non-Ammoniated Floor Finish Stripper

A next-generation, non-ammoniated stripper, Magnum™ is designed to remove floor finishes and seals - even after repeated, high-speed burnishing. Magnum is a premium stripper with a proven record across a variety of environments.

Magnum is fast-acting and has a milder odor than many strippers. For best results, apply diluted product to floor surface and allow to emulsify floor finish for five to ten minutes. Agitate with floor machine or mop. Remove residue with wet vac and thoroughly rinse with clear water. Dry before application of new finish.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Chemical splash goggles.

Skin and Body Protection: Rubber gloves. Full cover clothing. Rubber apron.

Respiratory Protection: None normally required with adequate room ventilation.

TASK	DILUTION
Mop-on heavy-duty stripping	3:1
Mop-on regular-duty stripping	4:1

- Strips approximately 600-1,000 sq. ft./gallon*
- Non-combustible
- Effective with cold water
- Free-rinsing
- Fast-acting

**Depending on floor and finish conditions.*

PUR-O-ZONE

NO GHOST™

Whiteboard/Blackboard Cleaner

Odorless, non-toxic and non-flammable, No Ghost™ is perfect for classroom or conference room use. Contains no oils, leaves no residue and dries quickly. For use on whiteboard, slate blackboard, composition, steel or glass surfaces. No Ghost will not degrade, yellow or harm surfaces. Just spray No Ghost on a microfiber cloth and wipe the board deep clean. Use the 8-panel microfiber cloth method of cleaning. Change cloths often.

For a faster maintenance process, clean boards daily with a microfiber mop and trowel. Fits in easily with a daily desktop disinfection program.

Fold microfiber cloth into eight panels. Flip to new panel when "full."

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Use safety glasses or goggles.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

TASK	DILUTION
Board cleaner	Ready to use

- Non-combustible
- Great for most marking boards and blackboards
- Non-toxic, odorless
- Does not degrade surface
- Perfect for school or office

PUR-O-ZONE

PRIME ALL™

Porous-Floor Surface Sealer/Undercoat

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Avoid contact with eyes.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: None normally required with adequate room ventilation.

Prime All™ is formulated specifically for use as a seal or base coat for porous floors like concrete, terrazzo and tile. This first step gives those surfaces a tough, resistant coating that is also ideal for adhesion of the final finish. After Prime All application, the final finish is layered higher for greater gloss and provides a deeper level of protection for the floor surface.

Prime All is also designed to reduce problems with suds, poor leveling, streaking and piling of the finish coats. Provides an even, satin gloss in just one or two coats. Provides better, longer-lasting finish results, reducing labor in the long-run.

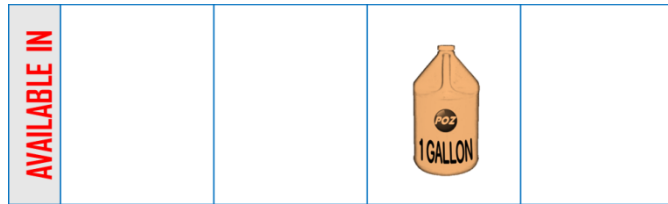

TASK	DILUTION
Sealing and undercoating	Do not dilute

- Improves adhesion of final finish
- Improves gloss on terrazzo and stone
- Critical step for superb finishing results
- Non-flammable
- Reduces porous-surface staining

PUR-O-ZONE

QUICK PREP™

Recoat Prep and Restorative Cleaner

Quick Prep™ is a high-speed floor cleaner and maintainer/restorer designed to achieve a “wet look” from all properly finished gym and other wood floors. This product offers great productivity to reduce your labor investment. Just dust mop the floor, autoscrub with Quick Prep, let dry and burnish to an amazing brilliance.

Quick Prep is non-film forming with no buildups or dulling. Reduces the need for major restorative work, saving time and chemistry for a more sustainable approach. Economical 2 ounce per gallon dilution rate makes this product a great selection for regular use. Slip-resistant formulation meets ASTM standards.

TASK	DILUTION
Heavy-duty cleaning before recoating	8 oz. per gallon
Auto scrubber or manual mopping	6 oz. per gallon
Spray buffing	2 oz. per gallon

- Deep cleans
- Burnishable
- Removes scuff marks

PUR-O-ZONE

RX-2050™

Heavy-Duty Cleaner & Degreaser

For kitchens and industrial plants, RX-2050™ is a great all-purpose cleaner and degreaser. Emulsify petroleum and animal fats quickly and easily. Cleans kitchen hoods and heavy soil-load areas. Reduce slip and fall liabilities by regular use of RX-2050 on floors.

Rinse after use on shower facilities, exhaust hoods, engine parts, forklifts, oil spills on concrete and other flooring, animal rooms, printing equipment and any hard surface not affected by water.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Chemical splash goggles.

Skin and Body Protection: Rubber gloves. Full cover clothing. Rubber apron.

Respiratory Protection: None normally required with adequate room ventilation.

TASK	DILUTION
Heavy-Duty & Degreasing	13 oz. per gal.
Medium-Heavy-Duty Cleaning and Mopping	9 oz. per gal.
Medium-Duty General Cleaning	3 oz. per gal.
Light-Duty Cleaning & Mopping	1 oz. per gal.

- Non-combustible
- Low odor
- Low-rinsing
- Replaces multiple cleaners
- Concentrated

PROFESSIONAL PRODUCTS

PUR-O-ZONE

SANI-SORB™

Vomit/Body Fluid Absorbent/Deodorizer

Quick containment of body fluids, vomit and the associated odor is easy with Sani-Sorb™. Comes in a handy wide-mouth shaker bottle with handle for applying exactly where you need it. Helps mark spill area and reduces risk of further splashing or spread. Begins to encapsulate immediately in specialized absorbent material.

Sani-Sorb's deodorizing action reduces unpleasant odors. After absorption, sweep into a dustpan and red bag the contents. Wear appropriate PPE (personal protective equipment) and clean then disinfect the affected area and all tools used during containment.

Use Sani-Sorb for a variety of organic spills. Keep containers handy in utility closets and at first aid stations for fast response.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Goggles or face shield.

Skin and Body Protection: Rubber gloves. Full cover clothing.

Respiratory Protection: None normally required with adequate room ventilation.

TASK	DILUTION
Absorbent	No dilution, non-liquid

- Absorbs on contact
- Helps contain spills
- Deodorant action
- Vomit and bloodborne pathogens
- 32 ounces

PUR-O-ZONE

SHYNE™

Hand Dishwashing Liquid

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Use safety glasses or goggles.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: None required.

Shyne™ is a premium, concentrated crystal green liquid hand dishwashing detergent for professional and institutional use. Mild to the hands but tough on grease and even dried-on foods. This effective formulation is free-rinsing, leaving a sparkling clean shine that shows your care and attention to detail.

Dispense Shyne by proportioner for best accuracy and lowest in-use cost. This product is highly concentrated - every ounce cleans many dishes, silverware, pots and pans.

Also an excellent product for hand washing of fine and delicate garments so that a separate product is not required.

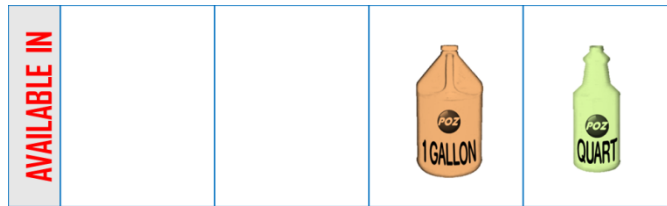

TASK	DILUTION
Extreme hard water dishwashing	2/3 oz. per gal.
Normal manual dishwashing	1/3 oz. per gal.

- Highly concentrated
- Key Lime fragrance, crystal green
- Free-rinsing
- High sudsing
- Hand-wash delicate launderables

PUR-O-ZONE

SIC-EM™

All-Purpose, Ready-to-Use Cleaner

Sic-Em™ is a versatile cleaner that will surprise you with its many applications and hard-working formula. From cleaning heavily soiled concrete to use as a laundry pre-spray, Sic-Em can help you reduce your chemistry inventory with its versatility. Apply Sic-Em directly to the soiled area with a trigger sprayer. It starts working immediately to cut into the toughest soils. After Sic-Em loosens and emulsifies, damp wipe or mop away. Rinse from aluminum to avoid scoring. Test first in an inconspicuous area for compatibility.

Try Sic-Em on shower tile, hood exhausts, filters, forklifts, engine and metal parts, walls, floors, oil spills, animal rooms, printing equipment, other hard surfaces not affected by water.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Use safety glasses or goggles.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

TASK	DILUTION
General cleaning	Do not dilute

- Hard-working & versatile
- Ready-to-use
- Cleans machinery and parts
- Laundry pre-spray
- Replaces many a wide range of cleaners

PUR-O-ZONE

SOFT CARE™

Concentrated Lotion Hand Soap

Soft Care™ is a premium, concentrated lotion-enriched hand and body soap. Formulated with a mild, neutral-range pH of 6.5-7.5, Soft Care has rich emollients and lanolin to fight drying and keep hands conditioned. Emollients penetrate and revitalize skin to reduce winter dermatitis, chapping and redness.

Soft Care is super concentrated! It can be diluted with up to six parts water for the ultimate in economy. Use with bulk dispensers or pump-top bottles. (For bulk foaming dispensers, try PUR-O-ZONE's Applause™.)

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Use safety glasses or goggles.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: None required.

TASK	DILUTION
Normal hand washing, barrier cream	Ready to use
Maximum economy application	21 oz. per gal.

- Hand and body
- Emollients and lanolin moisturize
- Neutral-range pH
- Cherry-almond fragrance
- Concentrated

PUR-O-ZONE

SPARKALL™

Neutral Detergent Cleaner

Sparkall™ is a highly concentrated neutral detergent. Formulated to do a fast job while at the same time taking special care for your facility's hard surfaces. Sparkall has blended surfactants, builders and wetting agents to provide pH balance regardless of water hardness.

This product cleans surfaces including finished floors, unfinished floors, counters, bed rails, plastics, doors and handles, desks, and even equipment and floors with greasy or animal-fat soils. Leaves no film.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Use safety glasses or goggles.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

TASK	DILUTION
Heavy-Duty & Degreasing	3 oz. per gal.
Medium-Duty General Cleaning	2 oz. per gal.
Light-Duty & Wiping	1 oz. per gal.

- Non-combustible
- Pleasant fragrance
- Free-rinsing
- Replaces multiple cleaners
- Concentrated

PUR-O-ZONE

SUCCESS™

High-Performance Floor Finish

Success™ is a 20% solids finish with a track record of high performance, and state-of-the-art technology for today's demanding needs.

An all-purpose, all-system finish with extreme lay-down gloss, Success uses advanced polymer technology to provide excellent wear properties and reduced stripping. Use with no-buff, spray-buff and high-speed systems. Covers 1,500 to 2,000 sq. ft./gallon. Success is also fast drying. Just 20-30 minutes per thin coat under light to moderate humidity.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Chemical splash goggles.

Skin and Body Protection: Wear chemical resistant gloves such as nitrile rubber. Wear impervious clothing and boots.

Respiratory Protection: If TLV of the product or any component is exceeded, a NIOSH/MSHA jointly approved air supplied respirator is advised. Engineering or administrative controls should be implemented to reduce exposure.

TASK	DILUTION
Floor Finishing	Do not dilute

- Low VOC
 <260 gm/L VOC
- Increases time between restorations
- Self-sealing formula
- Covers large areas per gallon
- Very high gloss and durability
- All-purpose finish

SUP-R-SAFE™

Porcelain Cleaner

AVAILABLE IN				
--------------	--	--	--	---

When hydrochloric- or muriatic-based cleaners can damage metal and paint, or when a greener alternative is needed for your tough porcelain build-ups, Sup-R-Safe™ provides an excellent alternative. This product utilizes organic acids that are easier on metals and also on janitorial personnel.

Excellent for cleaning restroom fixtures, stainless steel and faucets. Will not etch chrome, stainless steel or other metals. Sup-R-Safe quickly removes mineral deposits and other stains with a mild sassafras fragrance.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Safety glasses or goggles recommended.

Skin and Body Protection: Rubber apron and gloves.

Respiratory Protection: None normally required with adequate room ventilation.

TASK	DILUTION
All jobs	Ready to use

- Organic acids
- Safe on chrome, stainless & other metals
- Removes mineral/lime deposits
- Free-rinsing
- Low odor

PUR-O-ZONE

SWEETWOOD™

Spra-On™ Dust Mop Treatment

Attract dust without leaving residual oils on the floor. Sweetwood Spra-On™ will not leave slippery surfaces but it does attract and hold dust. For extending the life of your floors and finishes, daily or more frequent dust mopping is an excellent way to remove debris that cut into and degrade surfaces.

Pre-laundry your dust mops before applying Sweetwood Spra-On. Even new mops have tannin and cottonseed oils in the yarn that should be washed away for best results. After laundering, treat each mop with about 1 ounce of product per inch of mop length. Roll the mop and place in a plastic bag, liner or air-tight can. Allow to sit for 24 hours prior to use.

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Goggles or face shield.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: Ensure adequate ventilation, especially in confined areas.

TASK	DILUTION
Dust mop treating	Do not dilute

- Attracts dust to cotton mop heads
- Breezy sweetwood fragrance
- Leaves no residual oils
- Leaves no slippery surfaces

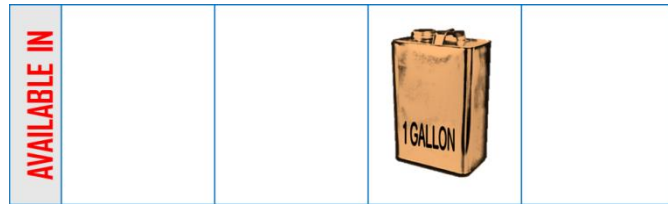

PUR-O-ZONE

TACK RAG™

Waterless Floor Cleaner Solvent

Hillyard Quick Pass™

Clean screening dust from wood floors with Tack Rag™, a blend of aliphatic mineral spirits. Also excellent for periodic cleaning of gymnasium floors. Restores a non-slip surface to urethane finish.

Compatible with PUR-O-ZONE Final 450™ gymnasium floor finish and others. Designed to remove the most residue possible in the minimum time. An important key to refinishing quality.

For maintenance use, first remove any general debris with a vacuum or dust mop. Soak clean cotton toweling in Tack Rag and wring very dry*. Place the toweling under a dust mop, or Quick Pass™ and cover floor thoroughly. Rinse toweling in additional clean Tack Rag as it becomes loaded.

**Use appropriate PPE.*

PERSONAL PROTECTIVE EQUIPMENT

Eye/Face Protection: Goggles or face shield.

Skin and Body Protection: Rubber gloves. Rubber apron.

Respiratory Protection: If TLV is exceeded, an approved air supplied respirator is advised.

TASK	DILUTION
All uses	Do not dilute

- Cleans dust after screening floors
- Routine maintenance of soiled gym floors
- Restores non-slip surface to urethane
- Dries quickly

PUR-O-ZONE
